

ROCKY MOUNTAIN  
innosphere  
bring your vision

# Leadership Fort Collins in the Innosphere

February 8, 2011

We are more than a building.  
We are more than an incubator.  
We are more than a network.

We are a force-borne of ideas and shaped by passion.  
We are a community of entrepreneurs and leaders.

We are an ecosystem for innovation.  
We are an engine for economic opportunity.  
We are a catalyst for progress in Northern Colorado.

Bring your vision.

# Rocky Mountain Innosphere

- Launched January 1, 2008
- 501c3 non-profit corp.
- **Mission**
  - Accelerate the success of high-impact innovation-based startup companies
  - Foster the development of an entrepreneurial ecosystem in Northern Colorado (community, investors, education)
  - Focus on Clean Energy, Bioscience, Water Innovation and IT/SW Industry Clusters
  - Commercialization of new technologies

# Innosphere Building

- Healthy, collaborative workspace for entrepreneurs
- Hub for entrepreneurial activity in region/state
- Showcase for clean energy technology and energy-efficient construction

# Innosphere Building

- Planning and execution due in large part through Public/Private Partnership with the City of Fort Collins, the URA, and New Market Tax Credits.
- Construction in March of 2010
- Designed to meet LEED Gold certification
- Building completed in December 2010
- With the addition of the Solar Array facility we are now targeting LEED Platinum Certification.
